HAS FAILED TO FILE HIS CLAIM

One County Officer Is Losing Out.

Commissioner Miller Is Not Asking for Contingent Expense.

He Bumps Up Against Two County Officials Who Shut Off Graft.

A matter of recent history in counts affairs has been brought to light by the failure of Commissioner Miller to file a claim for the month of May for contingent expenses, a thing which he has not failed to do since he went into office last

The law provides that County Commissioners in counties having a city of the first class, that do not reside at the county sent, shall be entitled to not more than \$300 for traveling and contingent expenses during the year. Commissioner Miller is the only one of the present board of Sait Lake county that resides at the county seat.

Bumped Against Law.

When Mr. Miller went into office last January he bumped up against this provision of the law, and at once set about to secure an act of the Legislature that would entitle him to this bonus as well as his brother members who reside in the country. The measure went along swimmingly, passing one house of the Legislature.

Put in Claim.

Fortified with this state of affairs, Commissioner Miller put in a claim for the month of January, and by representing that the Legislature would authorize the expenditure, persuaded the fiscal officers of the county to approve his claim. For the month of February he put in a similar claim, and it was likewise approved.

Runs Against Snag.

The Legislature adjourned March 9 and Commissioner Miller's little bill, by some accident, had failed of passage. Notwithstanding, when the month of March had passed, Commissioner Miller's claim for contingent expenses was up for approval, just the same. The County Attorney and County Auditor demurred to its payment, and refused to give their endorsement, thus preventing Commissioner Miller from cashing in his little grab. Still on Guard.

Nothing daunted. Commissioner Miller, at the end of April. again demanded his little "\$5 per." and signed the voucher for its payment. County Attorney Christensen and Auditor Fisher were still on guard, however, and again refused to approve the claim. Matter Current History

Commissioner Miller did not try to charm them with a third trial, and so the matter of the small grab which went wrong becomes a matter of current history in county political affairs.

ORDERED TO ISLANDS.

Ordnance Officer at Fort Douglas Leaves for Manila.

Cal., where he will take transport for Manila. Philippine islands, reporting upon his arrival to the Commanding General Philippine division for duty in the ordnance department. His family will follow him as soon as transportation is arranged. Water Main Extensions IT IS NO WONDER Are Not Yet Laid

Question Has Arisen as to Contrac Since Supreme Court Decision on Bond Matter.

Up to this time Contractor P. P Ford has not been able to lay any of the water main extensions that have been ordered since his contract began.

Ordered to Proceed.

The Board of Public Works has or-dered him to proceed on several pieces of work which the people are anxious to have done, but Contractor Ford has re-plied that he has two cars of pipe on the way from Chicago and he cannot pro-ceed until it arrives.

Question as to Contract.

The question has arisen since the Su-preme court's decision on the water bond question as to whether Mr. Ford's con-tract for furnishing and laying sewers and water mains will cover this work. Opinion of City Officials.

City officials are inclined to the opin-ion that it does not, as all of the work will be done under special contract, pro-vided for under the bond issue, and hence cannot come under the terms of Ford's

Barten Coal & Lumber Co. Coal, lu ber, cement. Telephone 803.

IN DISTRICT COURT.

Action Begun to Quiet Title to Mining Claim.

William E. Judd filed suit in the District court yesterday against R. F. Smyth and the unknown heirs of R. F. Smyth, to quiet title to the Croesus lode mining claim in the West Mountain mining district. It is alleged in the complaint that Smyth left Utah and went to Arizona, where, according to information, he died. This alleged fact is set up in order to quiet the title as against Smyth and any heirs he might have.

The Brown Stone company filed suit in the District court yesterday against Lorenzo Seager, James Wardrup and William W. Taylor for \$20.85 damages and other fees and costs, for alleged failure to fulfill a contract.

Lizzie Mayoe was appointed by Judge Ritchie yesterday as administratrix of the estate of William T. Barbee, deceased. The order was made at the request of the First Presbyterian church, in order that a mortgage held by the deceased against the church might be released of record. and the unknown heirs of R. F. Smyth,

Odd Fellows' State excursion to La-

DAUGHTERS OF PIONEERS.

Interesting Programme Arranged for Rounion at Calder's Park.

In addition to the programme already announced for the reunion of the sons and daughters of pioneers next Saturday and daugnters of pioneers next Saturday at Calder's park, there will be a Japan-cse drill, several old-fashioned dances and the reading of an original poem by Mrs. Emmeline B Wells. Good music will be a special feature of the day and evening. Sons and daughters of pioneers, with their families and friends, are gordially invited to bring their lunch and spend the day

Mrs. Susa Young Gates, the new president of the Daughters of Utah Ploneers, has chosen Mrs. Alice Kimball Smith and Mrs. Ann Groesbeck as her counsellors. Mrs. Lillian Loveland Mather was chosen recording secretary of the society and Miss Emmeline Y. Wells, the corresponding secretary.

Salt Lake Photo Supply Co. Supplies, Kodak Devel'p'g. Main & 3 So

STRUCK BY AUTO,

Ordnance Sergt. Charles N. Cecil left
the post yesterday for San Francisco.

Cal., where he will take the post yesterday for San Francisco.

Vashti Young, a boy who lives on Third East, near Tenth South, with his grandparents, was badly bruised in an automo parents, was badly bruised in an automo-bile accident yesterday. The accident oc-curred at the corner of First. South and Sixth East. The automobile turned the corner quickly just as the boy came along on a bicycle, crossing the path of the machine. Both the boy and the chauffeur seemed to mistake each other's direction, with the result that the bicycle and the auto coilided, throwing the boy to the earth.

Dr. Seymore B. Young came by in his buggy at that moment and, ordering the people in the auto to take the boy to his home, followed them. He dressed the wounds and ascertained that no bones broken and no internal injuries re d. The passengers in the auto were solicitous about the boy.

DEMOISY STEPS OUT.

State Statistician Files His Resignation With the Governor.

Charles DeMolsy yesterday filed his resignation with Gov Cutier as Commissioner of the State Bureau of Statistics, sioner of the State Bureau of Statistics, to take effect June 36. Mr. DeMoisy will, on July 1, become Register of the Land Office at Vernal, Utah, the new office created in connection with the opening of the Uintah reservation.

Mr. DeMoisy has been at the head of the Bureau of Statistics since its creation nine years ago and has also served as clerk of the State Mental Hospital Board. Several applicants are already in the field for DeMoisy's place as statistician. It is considered that Fred Price, who has been assistant for a number of years, stands the best show of landing the prize. The State Statistician gets a salary of \$1500 a year.

ARRANGING AN OUTING.

Young Men's Republican Club to Hold Gathering.

The Young Men's Republican club is prepar ing for its annual outing at Salt Palace on July 15. Arrangements are being made for a big time. The cuting will begin early in the afternoon and last until late at night. Secretary Cal Buckwalter is interviewing the members and working up enthusiasm thus early in order to make the afteir a big success.

DISEASE EXISTS

Wonder Is Pestilence Does Not Rage.

Utter Disregard of Sanitary Precautions by Utah L. & R. Co.

Breeding Place for Disease at the Car Barns of the Hierarch's

Gross carelessness, negligence and utter lisregard of such sanitary precautions as are effectively enforced in any other city of the United States, attaches to the hierarch and his minions who have conrol and management of the L. D. S Utah Light and Railway company.

If there is a lingering doubt in the nind of any person that this is not a mild statement of the case, he has only to visit the car barns of the street railway company and make-at a distance-for it will be difficult to get close-an inspection of the tollets which the company compels its employees to use.

No Sewer Connections.

There are no sewer connections, although a sewer runs along Second East street to the west, along Brigham street to the north and along First South street to the south. And bear in mind that these buildings are within the heart of the city and practically within the center of the sewer district.

Common Decency Required. There is not even a cesspool to hold the filth from the toilets—and this at a location that forms the headquarters of more than one hunired employees of the company. Common decency, coupled with even a slight regard for the health and comfort of the men, would suggest that the self-styled religious despots and commercial kings who control the street railway should not tolerate such a state of affairs. But this is not of the story.

No Pretence to Cleanliness.

No Pretense to Cleanliness. No Pretense to Cleanliness.

There is not even a vault dug, not a pretense of complying with the sanitary regulations prescribed by the city ordinances and which no private and nonapostolic citizen of Salt Lake would dare disregard without being at once properly called to account for his neglect to observe the precautions necessary to preserve the public health. Yet almost in the center of the city, within two blocks of Main street are to be found toilets, daily used by scores of men-toilets that are in a condition that would not be toicrated for an hour even in a semi-civilized frontier town that was only a collection of chacks.

No Wonder Diphtheria Prevails.

No Wonder Diphtheria Prevails. Beautiful and costly residences, occupied by some of the best people of the city, are within a stone's throw of this place. Yet sometimes wenderment is expressed as to why diphtheria and typhoid are to be found in residences where it is known that the occupants observe all reasonable health precautions.

No Guide Post Needed.

An accurate description of the closets, of which there are three, would be unprintable. No guide post is needed to direct the new employee to their location; he is directed by the stekening odor that permeates the atmosphere in their vicinity. There are great swarms of files that feed on the filth and carry the contagion elsewhere. And all this within ten feet And all this within ten feet

of the car barns proper.

Assistant Superintendant Talks. Assistant Superintendent O. P. Arnold, Assistant Superintendent O. P. Arnold, Jr. of the company, when seen during the day, admitted that the condition was one that should not be allowed to exist, but expressed the belief that contracts for modern tollets had been let several months ago. He could not, however, tell why the work had not been carried for-ward, explaining that this was out of his department.

What Manager Campbell Says.

R. S. Campbell, who is general manager f the Light and Railway company, declared that estimates were now being made as to the cost of a sewer connection with the main on Second East street, and with the main on second cast street, and said that as soon as the details were worked out the company would be ready to go forward with the work. In an-swer to a direct question, he could not say that this would be accomplished within the next three months.

Campbell Pays Bills.

Mr. Campbell asserted that the closets were frequently cleaned, but when told that they bore ocular and olfactory demonstration that was a complete refuta-tion of this statement, qualified his asser-tion by explaining that he regularly paid the bills for the cleaning and that was all that he knew about it

Documentary Evidence Found. Documentary Evidence Found.

Documentary evidence of the fact that this politico-religious-commercial trust is permitted to indulge in a neglect of duties that no ordinary private citizen would dare attempt is found in the fact that according to the records of the City Engineer's office the car company on November 25, 1890, nearly fifteen years ago, took out a permit to construct a sewer from its barn, but the years have come and gone, and there is still no sewer there.

Employees Are Bitter.

Employees Are Bitter.

Many of the employees of the company
—and there are many who will talk freely when they understand that they will be
protected—declare that while they have
worked for many railway companies in
Eastern cities, they have never before
been compelled to submit to such an outrage. "The tollets are literally alive
with vermin," was the statement made rage "The tones, with vermin," was the statement, with vermin," was the statement, and we by several of the men yesterday, "and we cannot use them under any circumstantial to the statement."

No Regard for Employees.

No Regard for Employees.

Other employees said in substance: "A proper regard for the health, and comfort of the men would impel the company to give us a few modern conveniences aside from the toilets, which any self-respecting corporation would consider a matter of absolute necessity. For instance, when a motorman comes in from along rum, late at night, weary and dust-covered a bath and comfortable place to sit down for a half hour would add much to his comfort and health, and in addition would remove the temptation of adjourning to a convenient saloon for refreshment. Of course, the company is not compelled to do these things, but the cost yould be very small in comparison with the benefits and additional efficiency of service which I am sure would soon resuit."

Citizens Ask Questions. When citizens become acquainted with the really disgraceful condition of affairs at the car barns, as above outlined, they will begin to ask. "Upon what meat doth this proud corporation feed that it dare disregard the laws of decency, by all leading druggists,

Semi-Anthracite Coal Find at New Harmony

Important Discovery on the Line of Washington and Iron

State Coal Mine Inspector Gomer Thomas has returned from a tour in southern Utah, where he inspected the coal and iron fields. He reports considerable activity in that region. Robert A Kirker, a veteran coal miner, according to Mr. Thomas, has made a valuable discovery of semi-anthracite coal near New Harmony on the line of Washington and Iron countles. The discovery is about fifty miles off the railroad, but Mr. Thomas is of the opinion that the showing will be of such value as to attract the attention of railroad men and perhaps result in the construction of a line into that region.

Excessive Imagination Almost Caused Tragedy

Unknown Woman Causes Run of Patrol Wagon and Fusillade of Bullets.

Excessive imagination exercised by an inknown woman nearly led to the shoot ng of two colored men at the Hot springs last night and incidentally caused thre members of the Police department and the patrol wagon a long, hard run, for which they are by no means grateful.

Message Over 'Phone.

About 8 o'clock a message over the phone, delivered by a woman, who did not give her name or number, informed the Police department that four negroes, with guns, were holding up a white man at the Hot springs. Sergt. Hempel, with Detectives Shannon and Raleigh, went hurriedly to the scene with the patrol wargen.

Called Men to Halt.

About midway between the Warm and Hot springs they met a man on horse-back, who told them that four colored men had run west toward the railroad tracks. Going in this direction they soon came upon the men they sought and called to them to halt.

Opened Fire on Quarry.

Two obeyed and two started to run. Then Shannon and Raleigh began shooting while in the wagon as they dashed along after their quarry with the horses at a gallop. It was not until they had continued the chase for several hundred yards the bullets began to strike uncomfertably close to the fleeing men that they decided to throw up their hands.

Guilty of No Crime. Guilty of No Crime.

When an investigation was made it was found that the negroes were guilty of nothing worse than bathing in the pool at the Hot springs, a place that is practically deserted and without buildings, and had been unable to pay 10 cents apiece to a man who claimed to be in authority, but who did not appear until the men were in the water. They explained to him that none of them had any money, but offered to have two of their number remain while the others came to the city and secured the money demanded, but this compromise was refused.

Trespors the Charge.

Trespars the Charge. At the station the men, all of whom are young, gave their names as Claude Fester, Finley Wilson, Davis Hill and Fred Gray. They were locked up on a charge of trespass.

SMELTER SMOKE MATTER,

County Commissioners Have Not Yet Made Ruling on Question.

The County Commissioners, as a board of equalization, have not yet made a ruling on the request of the farmers in the smelter district for a reduction of their tax assessments on account of the damage from the smelter smoke. It is intitax assessments on account of the damage from the smelter smoke I Is intimated, however, that the Commissioners will decline to accede to the request, on the ground that the remedy for the smoke nuisance rests with the Board of Health, and that to reduce the assessment of the farmers on the grounds asked would be to assess damage against the other people of the county. This view is strengthened by the numerous judgments for damages that the farmers have obtained against the smelter companies.

BICYCLE EXCURSIONS

To Ogden,

the common safeguards to health and the ordinances of the city?" Warrants for Citizens

Sewer Inspector Korth is stirring make sewer connections in accordance with the notices he has sent them—why with the notices he has sent them-why should not the sharp stick or the big stick be applied with equal vigor to the authorities of the hierarch's Light and Railway company? Superintendent Korth said yesterday that he would this morning swear out warrants against five residents of First South, Second and Third South streets and prosecute them to the limit.

Pertinent, Pointed Question.

Where does the special privilege come in that enables the L. D. S. car company to maintain tollets that are used daily by multitude of men without cesspool wer or vault, and maintain them in condition so flithy and disgraceful that any private citizen guilty of the same conduct would be ostracised?

Cuban Diarrhoea.

U. S. soldiers who served in Cuba during the Spanish war know what this disease is, and that ordinary remedies have little more effect than so much water. Cuban diarrhoea is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon, as will be seen by the following certificate from Mrs. Minnie Jacobs of Houston, Texas: "I hereby certify that Chamberlain's Colle, Cholera and Diarrhoea Remedy cured my husband of a severe attack of Cuban diarrhoea, which he brought home from Cuba. We had several doctors, but they did him no good. One bottle of this remedy cured him, as our neighbors will testify. I thank God for so valuable a medicine." For sale

COURT SUSTAINS Utah at the VALIDITY BONDS

Supreme Tribunal Has Decided Matter.

City Administration Circles Are Happy Over the Decision.

Chief Justice Bartch Announces the Opinion, Which Was an Oral

The Supreme court, by a unanimous de cision, rendered orally yesterday, suetained the validity of the \$1,000,000 water and sewer bond issue under the writ of prohibition sued out by George E. Eller-

> ment and brief last Friday. There was great rejoicing in city ad There was great rejoicing in city administration circles over the decision, and preparations were at once begun for the expenditure of the money in the extension of the waterworks system and the construction of sewers in the southern part of the city. The announcement of the decision was made by Chief Justice Bartch when the court convened at 10 o'clock. Judge Bartch sald:

beck, and which was submitted on argu-

Oral Opinion.

Oral Opinion.

"The matter for decision this morning is the question of the validity of the city bonds, which was brought before us by an original proceeding under a writ of prohibition. The court has examined the law in relation to it and also the arguments of counsel, and we are unanimous in holding that the law, including the constitutional provision in question, has been substantially compiled with and that the bonds are valid. The opinion of the court will be filed later on."

Judge Richards, of counsel for the city, expressed his opinion to be that this amouncement ought to be sufficient, but stated that it has been suggested to him that the parties who have agreed to purchase the bonds might finsist upon seeing the decision of the court before making payment and he, therefore, asked that the opinion of the court be written and filed at the earliest possible convenience of the court, to which the Chief Justice replied.

"The contrion will be handed down within The opinion will be handed down within

Certified Statement Mailed.

A certified statement of the decision of the court was made out by Clerk Griffith and turned over to the City Attorney's office. This was immediately mailed to the Mutual Life Insurance company of New York, which company agreed to take the honds provided the Supreme court sustained their validity. News of the decision was also telegraphed to the company.

Blank Bonds Ordered

Blank Bonds Ordered.

Instructions were sent to the United States Mortgage and Bond company, which has the contract for printing the bonds, to forward the blank bonds at once, and word was received that they would be shipped yesterday. It is expected that the blank bonds will be received here by Friday, when the work of signing by the Mayor, City Recorder and City Treasurer will be begun. The bonds are in the denomination of \$1000 each and bear 4 per cent interest.

Mayor Morris Gratified.

Mayor Morris, when seen shortly after the decision of the Supreme court, said: "I am certainly gratified that the court has sustained the validity of the bonds. The city will proceed at once to carry the water extension plans into effect. We expect to have money by July 1 to complete the options secured from the farmers for the water rights, by cauting them 516 for the water rights, by paying them \$10 per acre as provided. Steps will also be taken at once to advertise for bids for the construction of the conduit that is to the construction of the conduit that is to convey the water from Big Cottonwood canyon. This, of course, will have to be done before the remainder of the work can be carried into effect. I have no means of knowing just how long this will results. require. We hope to have the advertis-ing done and be ready to receive the bids within twenty days. The City Engineer has his part of the work well in hand, and there is nothing now in sight to delay

What Plans Provide.

What Plans Provide.

"The plans provide for the expenditure of \$160,000 for the laying of new water mains. This part of the work will probably not be taken up until next year. However, we hope to have water going through the big conduit before next summer. The closing of the contracts with the farmers gives us an immediate additional supply that will be available to supply any possible shortage this year."

Assistant City Engineer George M. Bacon, who is immediately in charge of the work on the water extension plan under City Engineer Riter, has had a force in the field for several months and has his plans and estimates about completed for the work on the conduit. he work on the conduit.
It is probable that nothing will be done

toward ordering the advertisements for the work until the regular meeting of the City Council next Monday night, when the bond matter will be finally arranged

INJUNCTION PROCEEDINGS. Real Estate Association Will Consider Matter Today.

"I do not know what effect the decision of the Supreme court will have on the petition of the Real Estate association for an injunction restraining the city from disposing of its water bonds," said Chair-man J. W. Houston of the committee ap-pointed to look after the injunction "We pointed to look after the injunction. "We will bring the matter up before the meeting of the association, which is to be held at noon tomorrow at the Commercial club. The action taken at that time will determine the future action of the commit-

President Homer takes the view that the matter decided by the court has but little bearing on the contention of the Real Estate association. He believes that the contention of the association is as

Attorneys who have looked into the matter say that the question submitted to the Supreme court was one of law, while the points raised by the associa-tion are questions of fact which might change the entire aspect of the case.

Six Days Will Be Devoted to the State, and Possibly

Six days, and possibly more, will b levoted to Utah at the Lewis and Clari exposition. Ogden has August 21 as its pecial day, Logan the 22nd, Eureka and Brigham City the 22rd, Provo and the State on the 24th, Park City and Springwille on the 25th and Sait Lake City on the 25th. Whether Ogden and Sait Lake are placed so far apart to keep the peace is a question that Homer H. Hallock, representative of the fair management, who arrived from Portland yesterday, is not able to answer. Will Plan Features.

Will Plan Features.

Mr. Hallock is here to make straight the way of the Utahna to the exposition. He will visit the various cities interested, assist them in planning features for their respective days and, wherever possible, secure special rates from the railroads and special accommodation in Portland, He was in conference yesterday with Messrs. Burley and Spencer of the Short Line.

Utah Building Attractive. Kindly words are spoken by Mr. Hal-lock in regard to the Utah building, which, he says, is one of the most attractive on the grounds. The fair 20 far has been very successful. The average attendance has been from 13,000 to 24,000 daily. Prices, according to Mr. Hallock, have not been advanced, and the visitor to the fair can secure accommodations as reasonably now as at ordinary times.

Mr. Hallock will remain for a few days in Salt Lake and then spend some time traveling about the State. He will visit every town of more than 500 inhabitants

Will Visit Utah Towns.

HORSES PERISH IN FLAMES.

Blaze in Haysheds Results in Destruction of Three Animals.

Damage to the amount of about \$900 was caused last night by fire, which was

was caused last night by fire, which was discovered at 11:21 o'clock in the rear of 331 South State street, the haysheds and barn rented by the Langton Lime and Cement company, and belonging to the Auerbach estate, being completely destroyed, while three horses also perished in the flames.

One of the peculiar features of the fire is that the entire structure was ablaze before any one turned in the alarm. The department equipment from station No. 1 was on the ground in less than four minutes and prevented the flames from spreading to adjoining structures. There were four horses, belonging to the Langton company, in the stables, but only one was rescued, the others being surrounded by fire before help arrived.

The west end of the structure comprised two rooms used as a dwelling by A. Smiley, a colored laborer. Neighbors saved practically all of his furniture. The Largton company lost, besides the three horses, four sets of harness and several tons of hay. Mr. Langton said last night that he believed there was some insurance on his property, but was unable to say how much.

Chief Bywater made an investigation, but was unable to ascertain anything as to the cause of the fire.

MEMENTO OF VISIT.

Thomas Homer Remembered by Los Angeles Friends.

As a memento of their pleasant visit in Sait Lake and in recognition of the many courtesies extended by President Thomas Homer of the Sait Lake Real Estate association. William W. Peddler and Thomas Hampton of the Los Angeles Realty Board, just before their departure, presented Mr. Homer with an elegant hand-carved cigar box full of 50-cent cigars. The box was one of the finest that could be found and Mr. Homer values it all the more for a silver plate bearing the names of the donors.

AMUSEMENTS

SALTAIR THEATER-Victory Bateman and others in "Sweethearts," by W. S. Gilbert evised by Miss Bateman

The new theater at Saitair is well ventilated. One can sit in it throughout a performance and keep cool, unless, indeed, the nature of the performance prevents. The structure has an artistic roof, but the auditorium has no walls. Thus not only is air admitted freely, but various sounds originating at the resort come in as well. These sounds combined with the words of the players add variety to the entertainment.

"Sweathearts" as presented at the theater.

the words of the players and the theater this week, is a playlet with a sweet, sad love story, judging from what can be heard, and what the players do. Miss Bateman, the star, is older than when she was here several years ago. Mr. Connelly, the leading man, is a handsome fellow.

Following the dramatic performance there are interesting features. A gentleman with very clever muscles and a lady with the ablest teeth we ever saw act, do some remarkable

very clever muscles and a may the remarkable teeth we ever saw act, do some remarkable things in the lifting line. The lady is a very accomplished plants performer, being able to lift the instrument, a platform on which it stands, a lot of chairs and a plantst playing a heavy selection-all with her teeth. Interesting moving pictures give considerable life to the entertainment.

Interesting moving pictures give considerable life to the entertainment.

"Ten Nights in a Bar Room" will be given at the Grand theater this effection and for the last time tonight. Tomorrow man for the L. D. S. hospital, when the last time tonight. Tomorrow man to the last time tonight. Tomorrow man to the last time tonight. Tomorrow man to the last time tonight.
